The Blackstone's Police Investigators' Workbook 2010 is the official accompanying study text for the National Investigator's Exam (NIE) which is taken as part of Phase 1 of the Initial Crime Investigators' Development Program. Based on the content of the Investigator's Manual, the book has been completely revised for the 2010 syllabus. It contains many practical exercises, case studies and multiple choice questions to help students prepare for the NIE. The Workbook takes the trainee investigator through each of the topics relevant to the examination, namely in the areas of Evidence, Property Offences, Assaults, Drugs, Firearms & Defences, and Sexual Offences. The book also contains useful cross references to the Manual in the answers sections, so students can check their understanding of the content.
